ANOTHER PROTEST BY LUXEMBURG.

BY ATLANTIC CABLE AND A. P. PARIS, April 20.—The Luxembourg Legation, which still maintains diplomatic relations with the Grand Duchy, has today issued a statement that the government of the Grand Duchy has protested energetically against the violation of its neutrality by Germany.

TOLD TO STAY INSIDE CITY.

BY ATLANTIC CABLE AND A. P. LONDON, April 20.—A Russian dispatch from Sofia says that the Government of Bulgaria has ordered the inhabitants not to go outside the limits of the towns without authorization.

BOMBS DROPPED ON INTERBURG.

BY ATLANTIC CABLE AND A. P. BERLIN, April 20 (via London).—The Tagblatt's correspondent at Interburg, East Prussia, says that a Russian aviator dropped four bombs on that town Monday. A woman was killed and two children were injured.

AMERICAN ARMY BIPLANE ATTACKED BY MEXICANS.

Carranzistas on the Border Fire Rifles and Machine Guns at Aviator.

Bullets Speed Across the International Line and Some are Picked up in Brownsville, Tex.—Two Aeroplanes with United States Citizens to Man Them Leave El Paso for Villa's Camp.

ON BOARD U.S.S. COLORADO, LA PAZ (Mex.) by radio to San Diego (Cal.) April 20.—Guadalajara has been captured by the Carranza forces according to an authoritative report received here today. The city, it is said, was taken by troops under Gen. Dieguez. Fighting is reported to be in progress around Navajon in the State of Sonora.

BROWNVILLE (Tex.) April 20.—A United States Army biplane flying over Fort Brown, near here, was fired upon this afternoon by Carranza soldiers. In all, about twenty rifle shots and fifty shots from a machine gun on the Mexican side, it is believed in army circles here, were fired at the aircraft. The machine landed safely.

The biplane was piloted by Lieut. B. Q. Jones, with Lieut. T. D. Milling as passenger-observer. Both were unaware of the incident until they landed about 5:30 o'clock. The biplane was not struck, but one bullet hit the army wireless station at Fort Brown and another was picked up near the City Hall in this city.

The aircraft, which was sent here recently for patrol duty, had made a circle near the Rio Grande when fired upon by the riflemen. Upon its second circle, when within about 200 feet of the river, the rifle shots were fired over American territory.

Col. A. P. Blockson, commandant at Fort Brown, has reported the matter to the military authorities.

NO CHANCE FOR PEACE; DUVAL WEST COMING BACK.

Wilson's Special Commissioner, Who has Seen Villa, Zapata, Carranza and Other Leaders, will Report at Washington that it Seems Impossible for Mexican Factions to be Brought Together.

WASHINGTON BUREAU OF THE TIMES, April 20.—Another of the President's special commissioners sent to Mexico to aid in the restoration of peace has concluded his labors. Judge Duval West of San Antonio, Tex., who has been in Mexico several months, in the role of personal agent of President Wilson, will start for Mexico City, with leaders of the reactionary peace convention that he has been endeavoring to bring about.

His mission virtually ended so far as conferring with leaders of the rival factions is concerned, when Secretary of State Bryan today received a message from Judge West, sent from Mexico City, stating that he had succeeded in having peace talks with the Mexican capital.

Judge West will come directly from Mexico City to Washington to make a verbal report to President Wilson and Secretary Bryan. He will also make a report to the President and Secretary Bryan.

He was sent to Mexico, like John Lind and Paul Fuller, to make a thorough investigation, and to report on the situation. His mission was even broader than that of the previous personal agents of the President sent into that troubled country.

WILSON SPEECH A WARNING THAT AMERICA IS UNITED.

BY JOHN CALLAN O'LAUGHLIN. [BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

WASHINGTON BUREAU OF THE TIMES, April 20.—Behind President Wilson's speech in New York today was the important purpose to correct the extraordinary misconception of American unity which exists in Germany.

The speech was in reality a message not only to the American people, but to the entire world. It is astonishing with communication so easy, with travelers constantly visiting the United States and with ample opportunity for the dissemination of American news, that such ignorance prevails in foreign lands as to the character and temper of the American people.

There is not the slightest doubt that in Germany the belief is entertained that Germany is a nation that does not dare to stand up for its rights as against that nation because of apprehension that Germany's German people would make it difficult for the United States and their descendants would instantly object to the point of revolt.

Among certain of the allies there is an idea, not so strongly held as in Germany, that the conglomerate races, which have made the American people, would make it difficult for the United States to unite in the face of danger.

A Jury to Name Her Father.

Mrs. Lois Campbell Burkam. Of St. Louis, named as her daughter in the will of the late multi-millionaire James Campbell. Relatives are contesting the will on the ground that she is not his offspring. A jury has been empaneled to decide.

SIXTEEN MILLION DOLLARS STAKE OF A LAWSUIT.

[BY A. P. NIGHT WIRE.] ST. LOUIS, April 20.—A jury to determine whether Mrs. Lois Campbell Burkam is the daughter of the late James Campbell, multi-millionaire railway and circuit magnate, was chosen in the Circuit Court here today.

The trial of this issue is incident to the determination of the validity of the will of the late James Campbell, which bequeathed the \$16,000,000 estate to the widow, Mrs. Campbell, and to her daughter, Mrs. Lois Campbell Burkam, referred to in the will as Campbell's daughter.

The will is being contested by the sister, and by nephews and nieces of Campbell, who claim that Mrs. Burkam is not the daughter of Campbell and therefore is not entitled to a share of the estate in case the will should be invalidated.

ORDER IS RESTORED BY TURKS AT URUMIAH.

[BY A. P. NIGHT WIRE.] WASHINGTON, April 20.—Turkish regular troops apparently have succeeded in restoring order at Urumiah, Persia, where Kurd bandit raids on native Christians recently led to reports that American and other foreign missionaries had been attacked.

Since the arrival of the force sent to Urumiah at the urgent representation of the missionaries, it was learned today that there has been no renewal of the disorders as far as State Department advice shows.

The majority of rumors of attacks on foreigners originated at Tabriz and are said to have been founded largely upon rough usage accorded one or two American missionaries who intervened in behalf of natives.

No details of these disturbances, which have been common occurrences for years, have been received from consular officers in the vicinity.

FIFTY INCENDIARY SHELLS ARE DROPPED ON RHEIMS.

[BY ATLANTIC CABLE AND A. P.] PARIS (via London) April 20.—The following official communication was issued this evening: "Fifty incendiary shells have been dropped on Rheims."

"In Champagne and the Argonne there has been artillery fighting without intervention by the infantry. Between the Meuse and the Moselle in the forest of Montmarie, near the Flirey and Essey road, our attacks achieved some success and we made some slight progress."

United States Reasserts its Policy of the Open Door in China.

England Serves Notice of Her Disapproval of Japanese Aggression.

Powers Generally Opposed to a Change in the Status of the Far East.

LONDON, April 21, 2:20 a.m.—"It is semi-officially announced," says Reuters' Nish correspondent, "that two fresh incursions into Serbian territory have been made by irregular bands of Bulgarians."

WASHINGTON, April 20.—While declining to discuss in detail the American policy toward the Japanese-Chinese negotiations, Secretary Bryan today inquired today that the United States still stood firmly on the announcement made at the beginning of the Wilson administration of its purpose to support the policy of the open door and freedom of commercial opportunity in the Far East.

Mr. Edward Grey's statement of a similar character in the British Parliament today indicated to officials that Great Britain's position had undergone no change and that the principle of the open door would continue to be the aim of the powers. The Japanese government, itself, has given the United States assurance that it is not its purpose to violate in any way either the open door policy or China's territorial integrity.

How far the present demands on China by Japan may be considered as infringing upon these principles is a question which can be answered only by a knowledge of the details of the negotiations, something officials here are unwilling to discuss, because of the injunction of secrecy placed upon the matter by the Japanese government.

Officials here, however, have recently appeared optimistic over the progress of the negotiations, indicating a belief that the difficulties in Peking may be satisfactorily adjusted without requiring further diplomatic correspondence between the United States and Japan.

Secretary Bryan declined to comment on the denial issued at Peking by American Minister Reisch of reports that the United States would not lend its moral assistance to China in the present situation. President Wilson, however, already has declared such reports to be without foundation, announcing that the United States had not indicated its position in one way or another.

GREY'S DECLARATION. [BY ATLANTIC CABLE AND A. P.] LONDON, April 20.—The preservation of the common interests of all the powers in China by the insurance of the independence and the integrity of the territory is the basis of equal opportunities for the commerce and industry of all nations in China, declared by Mr. Edward Grey, Foreign Secretary, to be the policy of the British government in China.

Mr. Grey spoke in the House of Commons. He was asked a number of questions concerning the negotiations now going on by China and Japan, but replied that under present conditions, while the negotiations were still proceeding, he was not able to give a detailed statement. Speaking generally, however, he declared that the policy of the British government in China continued to be governed by the terms of the Anglo-Japanese agreement, as defined above.

PEKING SITUATION. [BY PACIFIC CABLE.] PEKING (China) April 20.—There was no conference today between representatives of China and Japan on the demands submitted by Tokyo to the Chinese republic. The belief prevails in the legation quarter and among Chinese officials that Japan is waiting to hear what Sir Edward Grey says today in the British House of Commons.

The State Department has authorized Dr. F. S. Reisch, the American Minister to China, to declare untrue the statement that China cannot respect support for the United States in resisting such of the Japanese demands as interfere with American treaties. This statement has been made time and again by Japanese officials and has been published in the Chinese press.

After the Japanese demands became known in Washington the United States officially informed China that they expected China to maintain its treaty obligations with America, assuring the United States favored nation treatment.

Replying to the official Chinese statement that China would break existing treaties with the powers by granting Japanese demands, Mr. Hioh, the Japanese Minister, according to trustworthy information, has made the declaration that Japan would assume the responsibility of protecting China from the other powers.

Rock Island Receivership is Move Toward Prosperity.

Upbuilding of the Road to be Rapidly Pushed.

Five Thousand Freight Cars are to be Ordered.

CHICAGO, April 20.—H. U. Mudge, president of the Chicago, Rock Island and Pacific Railway Company, who with Jacob M. Dickinson, former Secretary of War, was named receiver of the property in the United States District Court here today, will depend on the present excellent physical condition of the road and the property which he thinks is returning to the country to rehabilitate the corporation while the court affords it protection from its creditors.

"We made this statement to newspaper men here today," he said. "A receivership was the only alternative we had in the circumstances. Under the law we will probably spend more money on the road than we did in the previous six months. We have an undependable proportion of cars in bad order, a fact which assured in bringing on the crisis. With increasing general traffic in sight we will spend more money on equipment."

"I have absolutely declined to let the property run down, which is another reason why we got into court."

UPBUILD THIS WATERWORKS.

"No better selection than Judge Dickinson could have been made to represent the court in the receivership. He has the excellent voice and I am sure that there will be no more drastic economy. Our purpose is to build up the road and when the road is in a position to take care of itself, we will be able to get out of the receivership."

"The receivership, I believe, will be of short duration if the road is so well managed as to get out of the receivership. The receivership is the last resort of the court and it is better physical condition than any road ever placed in a similar predicament."

"The real underlying trouble with our road is the same as with all other roads and they will all in time find themselves in our fix if this fundamental trouble is not eliminated. That trouble is the government's attitude toward railroads; we must have higher rates and lower costs. I do not mean that the Atchafalaya, the Santa Fe, or the Chicago, Burlington & Quincy and such systems will reach the receivership stage in the immediate future, but under conditions which have obtained for many years the road could not survive. It must in time under those conditions become insolvent. Happily, however, the receivership is the last resort of the court and it is better physical condition than any road ever placed in a similar predicament."

WINS HER SUIT FOR "HEART BALM."

JURY ASSESSES MILLIONAIRE OF MICHIGAN THIRTY THOUSAND DOLLARS.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

WASHINGTON BUREAU OF THE TIMES: April 20.—A verdict for \$30,000 as "heart balm" was rendered by a jury today in the District Supreme Court in favor of Mrs. Ida M. McNabb, Mrs. McNabb, who is 40 years of age, brought suit against John A. Kinney, 77 years old, a millionaire Michigan mine owner. She asked for \$500,000 damages because Kinney failed to carry out a contract to marry her.

The trial of the suit began before the District Supreme Court on April 6, with Miss Harriet Freeser, an instructor at the National Park Seminary of this city, as counsel for the millionaire.

GRAIN HAULING COST IS SHOWN

Expert Accountant Opposes Plea of Railroads.

(BY A. P. NIGHT WIRE.)

CHICAGO, April 20.—A compilation of revenues received for grain hauling and of costs incident to that branch of the railroad business was presented today in the hearing of the Interstate Commerce Commission, by C. M. Hillman, expert accountant, to illustrate the margin between grain hauling expenses and revenues.

Mr. Hillman appeared as one of the witnesses for the western railroads, the commission opposing the plea of the former western railroad systems seeking advances in rates on certain commodities. The proposed rate on grain which was under consideration contemplates an increase of 1 cent per 100 pounds on grain and products from the Missouri River and the Texas Cattle to Chicago.

Declares Profit Sufficient at the Present Rate.

On the cost of handling grain and grain products from a specified point, Mr. Hillman said:

"My figures show that the cost of handling a car of wheat into Chicago from Sioux City, Iowa, is \$35.41; from Council Bluffs, \$35.13; from South Omaha, \$35.14. On other grain the figures are \$35.41, \$35.13, and \$35.12, respectively. On grain products the costs would be \$35.14, \$35.13, and \$35.12. ROOSEVELT DAM IS OVERFLOWING.
Nearly Million and Half Feet of Water Stored.
Shakeup in the Phoenix City Government has Started.

Francis Shaw, Oldest Mason in the State, is Dead.
Phoenix (Ariz.) April 18.—Something more than a flood of water is cheerfully splashing over the spillways at the Roosevelt Dam, and much of it is being used for irrigation in the vicinity. The Reclamation Service has figured out that the reservoir really contains 1,500,000 acre feet of water, in addition to the 1,347,000 acre feet of water in the reservoir itself. This difference may be considered merely as water in transit through the reservoir between its upper intakes and the spillways.

Committee Named to Greet Delegates to National Convention of Federal Directors Next Fall. (LOCAL CORRESPONDENCE.)

ONTARIO, April 20.—Fred H. Pierce, Ernest A. Bressa, T. J. Cunningham of Los Angeles, J. B. Draper of Ontario and W. H. Van Noy of Pasadena are the committee selected last night by the Federal Directors of Southern California, in quarterly session at the Cohn-Bianca Hotel, this city, to arrange for the entertainment of the delegates to the National Federal Directors Association to be held in San Francisco next October.

THEIR GOLDEN WEDDING.

Fifty years ago last night Dr. and Mrs. Ira L. Cain, No. 708 West Forty-seventh street, were married in Elkhart, Ind. Last night in Atherton Baptist Church they celebrated their golden wedding anniversary in company with many friends. The wedding ceremony was re-enacted. Dr. Cain was an associate of the late Dr. Robert J. Burdette.

NEW CITIZENS' MEETING.

The New Citizens' Civic Club will hold a special monthly meeting in the assembly hall of the Los Angeles High School this evening at 8 o'clock. The course in citizenship leading to school diploma will be the principal thing on the program. The subject for the evening is "Our State Courts," and the speaker will be Judge Wilbur. All citizens are invited.

HOW TO KEEP JAILS EMPTY.

DR. JOHNSON TELLS OF WORK COMMISSION PROPOSES.

He Calls Prisons Belds of Antiquity and Says that by Prevention World's Moral Standard Can be Considerably Raised—Domestic Relations Branch.

A large and interested audience gathered last night in Blanchard Hall and heard Dr. Milbank Johnson, president of the Municipal Charities Commission, explain the plans of the commission for the coming year. By illustrating with colored slides, Dr. Johnson made plain these plans, and demonstrated the methods the commission expects to use in lessening the number of criminals annually put into jail.

CHARITABLE.

Dr. Johnson said, "They have no place in our modern life."

"By preventive means, our commission hopes to save and to make a large number of good citizens out of the men now in prison. Everything is in prevention. When a man allows himself to slide, so that he becomes morally bad, he eventually lands in jail. Perhaps it is his first offense. But once in jail the daily association with worse men gradually turns this pseudo criminal into a real one. The prison is a gigantic school for crime."

"This year our commission will establish a new branch, that of domestic relations. Our workers in this branch will travel among the people acting as arbitrators for every family quarrel, and seeing that the younger generation receives proper attention and correct training."

"In this manner we hope to increase the morality of that portion of our population needing attention."

"If a man or woman lands in jail in spite of our efforts we will try and make him or her into useful members of society by honest work. We will apply to the Council for permission to put these prisoners at work in some honest occupation. Hard work with an end in view of making a person independent upon release is the best way to keep a prisoner from learning crime."

Dr. Johnson told of the work carried on during the past year. Several lantern slides were shown illustrating the municipal camp in Griffith Park, and the work accomplished there by the inmates.

The process is simple. First, as a citizen, you vote to elect to office a man who votes to sell the car fare privilege to others, who in turn vote to water the stock for the benefit of certain insiders. Second, as a passenger, you pay twice as much as the service is worth, to provide enough money to pay interest on the stocks and bonds watered beyond the labor spent on the road. Third, you stand up while doing it.

It's a game of uplight—a putup, a standup and a holdup.

Our Fair.

[Life:] Car fare is something you hand indirectly to a group of gentlemen to manipulate the stock of a company that is paying on the installment plan for the car which you buy the privilege of entering.

Nevada Decrees Void?

(Continued from First Page.)

voice, Your Honor," stated Mr. Britt, counsel for Mr. Skinner.

"It is my opinion that those divorces are absolutely void," declared the court. He ascertained from Mr. Skinner that he had married the former Mrs. Platts in 1907. Just what effect the Maryland opinion on Reno divorces will have in these courts remains to be seen. The Skinner suit is the first to come before the court since the opinion holding Reno divorces invalid was handed down in Maryland. If it is denied, Attorney Dehm & Schoch, counsel for Mrs. Skinner, say they will file suit for annulment.

Mrs. Skinner alleged cruelty. She gave numerous instances. One was the remark of her husband that he could live with her. It seems, however, that Mr. Skinner had written a letter to his mother-in-law, and in it he stated: "I am more anxious to come home and all for you too. It used to be mamma; now it is you. Consider yourself it. Will you be willing to settle down to home life on my return or will you be content to remain at home with your little wife and son? Do you love me best of all and are you the oldest kid? Now when I get home I am going to love and kiss you and you will probably call a halt."

The trial will be concluded today.

Chino Citizens Ask Election on Bonds for Sewer System and Extensive Street Paving.

(LOCAL CORRESPONDENCE.)

CHINO, April 20.—At a special meeting of the Chino Chamber of Commerce last evening in the City Hall, in which the members of the City Council and other leading business men and ranchmen joined, a resolution was adopted asking that the City Council call a special election as soon as possible to vote bonds for \$125,000 to be used in installing a sewer system and improving some of the main streets of the city.

The Chamber of Commerce has been working on the sewer project some

time, even going so far as having the preliminary survey work done along the projected sewer line.

The resolution carried with it the recommendation that Riverside drive and Chino avenue be improved from the eastern to the western limits of the city, with such other streets as will give the best results, including Sixth street from B to E streets. The plan of street improvements includes the paving of G street from Central avenue to the north side of the factory of the American Beet Sugar Company, to give the best haulers a good road to the sheds, where their loads are dumped into the bins.

The roads recommended for paving will connect up with the county highways, which are to be paved from the bond issue of \$1,750,000 recently voted by the county.

GIVE NOTHING AWAY.

(Philadelphia Ledger.)

Walking in the park one day recently, a man who has the reputation among his friends of being rather "neat," was accosted by a weary-looking man, evidently suffering from too much leisure, who said:

"Pardon me, there is a shaft on your shoulder, let me remove it for you, sir," snuffing the action to the wind and rolling the offending ruff between his fingers, "and by the way, would you loan me a dime?"

"No," growled the more prosperous one, "I couldn't loan you a dime, and you put that shaft back on my shoulder."

FURNITURE FOR THE HOME

—plainly marked with its right price and called by its right name

Every transaction here is in the open; no sale is made without a thorough understanding of just what you are buying. No "tricks," no "mystery"—just plain facts. When you buy Pease Furniture you are invited to examine the choice of wood, the finish, the cabinet work, both inside and out. All Nine Floors are open to the sun—no dark corners. Likewise, our business dealings with the public have no dark corners.

SEALS RELEASE "NIG" CLARKE.

"Nig" Clarke was given his unconditional release yesterday by Harry Wolverton, manager of the San Francisco Seals. Clarke was released through the 1914 season, though he played second fiddle to Catcher Schmidt. In the general weeding out of 1914 models Clarke was one of the last that Wolverton let go.

Not a Bad Host.

SMALLEST HUDSON HOUSE SEES WELSH BEAT WATSON.

HUDSON (Wia.) April 20.—Fredie Welsh, the lightweight champion of the world, did not make much of a hit with the Twin City fans. Judging from the crowd that saw him box Red Corbett Watson, of California, here tonight. It was by far the smallest house the Hudson promoters ever staged a bout before. Nevertheless the few that did witness the bout received their money's worth. While neither fighter seemed inclined to force the milling, neither stalled, and from a boxing standpoint it was nearly even. The first round was slow, both men being on their guard.

FOSTER THROUGH WITH FOOTBALL. INJURED STAR PROMISES HIS MOTHER HE WILL QUIT. TIGERS LOOK STRONG.

Ed Foster, sterling back-field man, is to be numbered among the missing when Coach Joseph Pipal of Occidental calls the roll at the opening of the football season next fall. Foster has almost entirely recovered from the injury received in the Pomona Occidental game last November, but he has promised his mother that he will remain on the sidelines during the 1915 gridiron campaign.

HERRMANN CLOSES DEAL FOR WINGO.

CHARLIE CHAPLIN TO CATCH FIRST BALL TODAY.

Big Joy Parade with Elephants, Calliope, Entertainers, Yama-Yama Girls and Rooters to Greet Arrival of Tigers for Opening Series Here — Twenty-four-piece Band to Toot at Game.

SOMETHING entirely new, novel and extraordinary in the way of a baseball parade is to be staged today in honor of Hag Hogan and the Venice Tigers. Even the Pacific Coast League opening day parade is to be eclipsed.

The best talent in the city of Venice has been signed for the occasion, including some animals formerly of the jungle, a circus calliope, professional entertainers and girls in yama-yama make-up.

THE YELLERS.
The ball clubs are to form a part of the joy brigade and a number of Hag Hogan's veteran rooters are to be on the job with automobiles and various brands of noise.

Ninth and Broadway has been designated as the rendezvous and the parade is to start at high noon. After

SERAPHS WIN IN THIRTEENTH.

Ellis Cracks Out a Double with Two On.

Burns Gums up Game, Fails to Touch Bag.

Ness Helps the Oaks to Drag Out Game.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

SAN FRANCISCO, April 20.—The Dillon's young athletes from Los Angeles are entitled to all the nice things that have been said of them. Having succeeded in delaying us well over the customary dinner hour today on a score that was tied with their customary ninth inning rally, the Southrons fooled along with the Oaks until the thirteenth chapter had come to hand.

Pa himself, hurrying from bench to coaching line, gave the signal for the fireworks and his men responded with a will. Old Dad Meek started off with a single and was shut out from the limelight in favor of Brooks, who has a little more speed. Silent Bill Burns sacrificed and Harry Weller was passed in order that Duth Klavitter might get at Metzger.

ELLIS DRIVES 'EM IN.
That part of the programme went through in great shape, for Louis sent a fly to right on which no one dared to stir. Rube Ellis, who had preceded the Angels in the ninth, proceeded to further cause havoc with a double against the right field fence. It counted for two runs and though the Oaklanders filled the bases in their half of that same thirteenth, they couldn't quite connect.

This left the score: Los Angeles, 5; Oakland, 4.
Only that Bill Burns, who ought to have known better with his big league training, forgot the essential in the early stages of touching second, the game would have been over long before the last Oaklander was retired.

REVEREND BLUNDER.
As far back as the second, Burns pulled the blunder that caused the southerners so many anxious moments. With two down there were three on the cushions. McMullen had singled and was safe at second when

Ellis dropped a throw, a walk given purposely to Meek and a single for Burns had filled the cushions. Then Harry Weller drove a pretty single into right. Silent William was also gathered in too much of a hurry. He cut second, and the perhaps he would see him. It was a costly move, for not only was he forced at the bag but Meek missed a chance in tally and Weller was robbed of a hit that was rightfully his.

NESS'S DEADLY WORK.
Incidentally, you can chalk up a corking good two-incher for Jack Ness, whose performance made it possible for Oakland to stage off defeat as long as they did. The Ness double came along in the fifth. With two out and Mundorf, Middleton and Jimmy Johnston on the base, Jack plugged to center field cleaning the bases and put the Oaks temporarily in front by 4 to 2.

For a starter, the Angels played strenuous ball, their errors combining to give the Oaks the run of the day. Mundorf hit to right and a bad throw by Weller put the Russian on second. Middleton laid down a bunt and when Johnston grounded to Mo-

Mullen, the latter's throw home was wide of the mark and Mundy tallied.

THE RUN GETTING.
Los Angeles evaded it up in that second and forced one run into the lead in the third when Buemiller singled through the infield and stole second and third while two of his teammates were being retired. Maggert walked and on trying the double steal, Buemiller scored, but Maggert, having overrun the base, was touched out.

Then came Ness's swat in the fifth that cleaned the bases.

The Angels put over the runs that tied the score in the ninth. Weller fouled out to third but Harper, batting for Buemiller, slipped and went to third as Ellis hit one against the fence. Abstein hit safely to short to score Harper and a walk for Maggert saw the bases cleared.

It was the finale for Boyd, who gave

JESS MAY BOX AT EXPOSITION.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
SAN FRANCISCO, April 20.—Jess May, conqueror of Jack Johnson, may be an exhibition attraction. He may be.

Between his appearance here there is a matter of \$10,000, many miles of railroad and just a little sentiment. Anyway, Jess, who returned the heavy-weight championship to the white race, is waiting.

The special events department first thought of Willard as an attraction. It considered the precedent established when John L. Sullivan gave boxing exhibitions in white flannel trousers at the Alaska-Yukon-Pacific Exposition in Seattle in 1909. Then it wired for Willard's best terms.

"Ten thousand dollars," wired Jess, and nothing thoughtful consideration is being given this weighty matter.

COLABESKIE IS FOUNDED IN THE FIFTH WHEN SIX RUNS ARE TALLIED.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
PORTLAND, April 20.—Salt Lake defeated McCredie's Beavers here today, 6 to 2. It was the first appearance of the new Coast League club in this city.

They won the game in the fifth inning, when they got to Colabeskie. Before the inning ended they had made five hits and scored six runs. The local team was in the lead for the seventh. But the last was the only one in which two came together. The score:

ATHLETICS BUNCH HITS ON YANKEES.

(BY A. P. NIGHT WIRE.)
PHILADELPHIA, April 20.—By bunching hits and a double steal with errors by New York, Philadelphia won today's game, 10 to 1. Warhop was hit hard in four innings, while Shawkey kept the hits of his opponents scattered.

WAGNER TRIPLES WITH TWO ON AND DOWNS CUBS.

Grand Old Man Lays Zabel Low—Phillies Take the Fifth Straight Game and Lead League Without One Defeat—Boston Braves are Climbing up the Ladder at Expense of Brooklyn Dodgers.

(BY A. P. NIGHT WIRE.)

QUAKERS TAKE FIVE STRAIGHT, 5-2.

CHICAGO, April 20.—Pittsburgh hit Chicago's pitchers consistently today and defeated the locals 5 to 2. Cheney's offerings were hit to all corners of the field, and Zabel weakened in the seventh. In this round Wagner's triple with two men on bases clinched the game for the victors. Some runs by Johnston and Fisher were featured.

PEACE REIGNS
NOW, HE SAYS.

"Paramount Fight with the Producers is Over."

Leaky Arrives and Reports Harmonious Finale.

Mary Pickford is Restored to Programme.

BY GRACE KINGSLEY.

James Leaky arrived on Monday from New York, where he has been for the past several weeks attending to matters connected with the Leaky Feature Play Company, especially concerning the Paramount Pictures programme.

Mr. Leaky reports that the troubles between the Paramount and the producers releasing under said company's name are at an end. They are now working harmoniously together, he said.

These troubles apparently have centered particularly around the release of the Mary Pickford pictures, which it was intended at one time to put on the market as a special feature, withdrawing them from the Paramount service. Mr. Leaky reports the picture will be restored to the Paramount programme, and released exclusively through the same, as heretofore.

Mr. Leaky stated that the Paramount programme for the next three months will be made public at the end of the week. This programme includes several Mary Pickford pictures, two Marguerite Clark pictures, a Pauline Frederick picture, two with Hazel Dawn, one featuring John Barrymore and another John Mason. These have been produced by the Famous Players, while the Leaky company will present "The Arab," featuring Edgar Selwyn, Laura Hope Crews in "The Fighting Hope," Fanny Ward in "The Marriage of Kitty," Charlotte Walker in "Kindling," Victor Moore in "Chimie Fadden," Ina Claire in "The Wild Goose Chase," and Blanche Sweet and Curly Howard in "The Girl."

The Leaky company is about to begin the production of a big feature, which it is stated will rank with the largest photo dramas ever produced in motion pictures. The company mysteriously withdrew the title and nature of the picture, but they promise to spend \$1,000,000 on its production.

Mr. Leaky expects to return to New York within the next six weeks. During his recent stay there the Leaky company moved into their new offices, which were built especially for its use, in the Wall Street Building.

Mr. Leaky also stated that Valada Burritt is bound to the Leaky company by contract for pictures, and cannot be released except by special permission to work for any other company.

Fanny Ward, Laura Hope Crews and Victor Moore of the Leaky company are expected in this city before the first of May, to begin work on their picture "The Arab."

BERKELEY TRACK REVIEW.

Graduation to Leave Many Stars on Team—Eddie Stanton, Captain and Sprinter, Jimmie Todd, Shattuck and Coolidge, Big Losers.

Some Promising Freshmen Coming Up.

(SPECIAL CORRESPONDENCE.)

UNIVERSITY OF CALIFORNIA. April 15.—How will the California track team line up next season? That is the question now.

A cursory examination of the eligibility list shows that the graduating class will leave comparatively few athletes from the team. But the few that will leave are of such quality as to make the losses somewhat serious.

STANTON GRADUATES. Eddie Stanton, track captain and star of the intercollegiate meet, is through with his college work. His track career has been a successful one. He has won many races and has been a member of the national team.

His place is to be taken by another Los Angeles runner, Jimmie Todd. Todd is a promising freshman who has shown great ability in the sprinting events.

SHATTUCK TO FARM. California will lose Carl Shattuck, who now holds the collegiate record for the hammer throw. He will become a scientific farmer. Coolidge, another Aggie, is ready to depart.

These two men have been valued for eight points between them in every meet they have entered. From now on the hammer throw will be open to such conjecture before the big meet as any of the other events.

BRADY IS ELIGIBLE for another year and it is possible that he may return. If he does so the high and broad jumps will be materially strengthened. However, in both of these events there is an abundance of good material, and Brady's loss will not be felt so much as losses in other departments.

THE OTHER field events will not be affected by the coming graduation. The pole vault and shot put are in the hands of juniors and sophomores, so that another full year is expected from the best performers.

MUENTER AND KNAPP are the two low-stick men who leave this year. Muentner has done his best work in the low hurdles. Knapp, too, has found the low hurdles his place. Freddie, the star of them all, is a

CHICAGO, April 16.—Goro Mikane, recently elected captain of the Knox College baseball team, is one of the most popular men of the institution.

Mikane entered Knox College as a member of the class of 1917. When the call for baseball was given "Mike" was one of the first to report. He had no trouble in clinching a regular position on the team.

He played shortstop throughout the season and was generally recognized as the best player in the Middle West. This season he expects to retain his old position and to pitch a little if the season allows.

Mikane was born in Kofu, Japan. He played baseball in the grammar grades. Upon entering high school he became a catcher and was backstop for two years. During his last year he did most of his twirling.

Later Mikane enrolled at Waseda University, the largest private university of the empire. During his first three years he played in the outfield, two years as a left fielder and the third as a center fielder. He played shortstop during his senior year.

In 1911 Mikane came to this country with the Waseda University team. He was a member of the University of Chicago and toured the country for over four months.

He came to this country again in 1912 and went directly to California. He was a member of the Knox College as a special student.

L.A.A.C. WATER POLO SQUAD WINS AGAIN.

Los Angeles Athletic Club's water polo team won their ninth consecutive game this spring by defeating the Pasadena polo team yesterday evening in a landslide score of 14 to 6.

The Crown City boys failed to put up even an interesting showing against the experienced Mercuries and were swamped from the first. For the afternoon the L.A.A.C. team scored five goals, and McClair five, Cliff Bowes two, and C. Swenson and the L.A.A.C. team scored five.

BACKLOG DAYS—THE SPELLING BEE

Seen Through Funny Glasses By Homer Croy.

Homer Croy, like Mark Twain, is from Missouri, and also like Mark Twain, is a humorist of the kind that seems to sprout most vigorously in Missouri soil. Reminding about the Little Red Schoolhouse and its Friday afternoon spelling bees, the author has written a classic of humor that will make you temporarily forget about the War.

IMMIGRATION AFTER THE WAR

Editorial—By Frederic C. Howe.

Commissioner of Immigration at the Port of New York. Commissioner Howe refuses to be alarmed at the prospect of Europe dumping its maimed and broken soldiers into America as soon as peace is declared. Admitting that a great army of women and children, widowed and orphaned by the war, will turn their faces toward America, he foresees many forces that will not only keep immigrants at home but will lure hundreds of thousands from this country back to Europe.

THE MYSTERIOUS MRS. OSGOOD

Story—By Burton Kline.

Who was Mrs. Osgood? What accounted for the mysterious influence she had on the Pennsylvania colony in which she lived? Without wealth, beauty, or anything material that the world covets, her name on every tongue, because—well, read why in the paragraph of this unusual story.

THE PRACTICAL SUMMER HOME

Article and Drawings—By J. Manley Rose.

Mr. Rose, who has designed and described many homes from time to time in the magazine, discusses next issue a comfortable camp for \$600; a \$1000 summer cottage; and also a more pretentious seaside cottage of 10 rooms and two sleeping porches. The plans and estimates are in every way dependable.

Among half a dozen other features in the next issue of THE NATIONAL SUNDAY MAGAZINE are MARGARET OF NEW ORLEANS, by L. O. Randall; ALIMONY FOR HUSBANDS, a BITE AT CLOSE RANGE, twenty New Wonders of the World, and a story-telling cover design by Charles A. MacLellan, reproduced in colors.

while ideas, it was a
matter rather than a matter ar-
ranged by a single swift stroke.

Nagasaki.
This new silk is as foreign and dif-
ferent looking as its name implies. It
is somewhat similar to pongee, but
with a surface much more smooth
and a finer weave. It will be exten-
sively used for suits and frocks dur-
ing the coming season, and when hav-
ing a touch of black in conjunction
will make fetching as well as durable
and comfortable garments for travel-
ing and general wear.

Winds Galore.
A most interesting window is that
which presents a newly popular brand
of rouge. There are peacocks perched
upon every side, which might first
glimpse be resented by the user of
rose-producing tints, but looking
more closely she will observe that
there are birds of other feather than
the vain peacock, preening them-
selves in that window and that their
presence has somewhat to do with
the name of the product displayed
rather than with the qualities of
proud women.

Of Many Hues.
One could not imagine unless she
saw it that from merely candy waters
of mint in white and pink and violet
shades, tinted with the wine of the
orange, could be created such a
lovely window as one in that big
Broadway store, where such sweeties
are just now on sale. To look is to
want to taste and to taste is to want
to have again. Such a wish may be
gratified, too, at very little per pound
of this delectable candy.

What Fashion Deceives.
A lovely orchid shade is a bluish
lavender.
A new color is a rose with a gray-
ish cast.
The plainer tailored suit is coming
into favor.
Shantung pongee is in favor for
summer dresses.
Summer hats studded with beads
are very pretty.
Taffeta bazookas are used on all
kinds of gowns.
Hats with transparent brims are de-
cidedly smart.
White waists, of course, will lead
during the summer.
Wash skirts are made of pique,
cordelle and linen.
Many evening toilettes are entirely
of white tulle.
The "officer's tunic" suit is hard to
beat for a chic effect.
Pockets are mostly confined to the
sports style of skirts.
The sand and putty shades con-
tinue their popularity.
Low shoes are not worn with the
excessively short skirt.
The latest wring bags are small and
made of fall silk.
There are circular skirts with close-
fitting underskirts.
Wide, wider, widest, describes the
new skirts.

MORE OF THAT
BIG SQUABBLE.SCHOOL INSURANCE QUESTION
AGAIN IN LIMELIGHT.

Accused Man Tells Board Agent
Who Charged Him and Who
Wanted to Handle This Year's
Business Figured on "Take-Off."
Will They Get Together?

Sooner or later the Board of Educa-
tion is going to find out all there is
to learn regarding the insurance busi-
ness as it relates to the letting of the
school insurance. At a meeting last
week M. E. Johnson, an insurance
broker, asked the privilege of han-
dling all the insurance, saying he
would return to the board a \$12,000
fee that would otherwise go to the
agents.

At last night's meeting C. A. Schalen-
berg, who handled the placing of the
insurance three years ago, ap-
peared before the board and stated
that Broker Johnson was trying to get
hold of the insurance business of the
schools so he could make a \$2000 fee.
And when Mr. Johnson was speaking
to the board, he said: "You can just
set your life that Mr. Schalenberg
made more than his salary out of this
business."

So Mr. Schalenberg and Mr. John-
son are due to meet each other in the
presence of the board if possible and
settle their affair, meanwhile enlight-
ening the board regarding the way
insurance men have of doing business.
Not that the ways are crooked or
illicit in any way, but each hints that
what he can tell about the other might
be exceedingly interesting.

Mr. Schalenberg informed the board
that his attorney would require Mr.
Johnson to explain his remarks to the
board. When Mr. Johnson was be-
fore the board he asked them to have
Mr. Schalenberg called and let him
ask Mr. Schalenberg questions, and
"I'll promise you there'll be something
doing," concluded Mr. Johnson.

The hanger of the insurance
business was the only thing at the
meeting last night that caused the
bank of persons who always attend
the sessions to sit forward in their
chairs and scatter nodes and catnaps.
Many persons are Board of Educa-
tion fans, and take as keen an in-
terest in the insurance business as
baseball enthusiasts at a game.

Among other requests, the board
received a communication from the
Russian Society, asking permission to
use rooms in the Utah-street school
where the society can hold night ses-
sions, teach the Russian language, re-
ligion and customs to the Russian
children in the city. As a night school
occupies the Utah-street school night-
ly, an investigation is to be made to
decide whether or not the fostering
of the native tongue can be carried
out in that building.

The board went on record as favor-
ing the bringing of the Liberty Bell
to Los Angeles on its proposed tour
to the San Francisco exposition. No
definite information regarding the
movement of the bell has been re-
ceived. But if it starts West an urgent
appeal will be made to have the bell
brought here for a brief stay.

The board decided to send an agent
to the exposition to have the display
of the public schools on exhibition
there put into a more attractive con-
dition.

SNATCHES PURSE, ESCAPES.
Thief Takes Woman's Property, then
Jumps Into an Automobile and
Gets Away.
After snatching the purse of Mrs.
Anna J. Stewart of No. 454 Solano
avenue, as she left a street car early
last night at North Broadway and So-
lano avenue a thief jumped into an au-
tomobile standing near and fled. The
purse contained \$18 and a jeweled
watch and diamond ring.

Mrs. Stewart declared to the police
that the thief, a well-dressed young
man, stepped up behind her as she
left the street car on her way home.
The purse snatcher, according to
Mrs. Stewart, was wearing a cap. He
was about 22 years of age.

Came to Her Rescue

From her home in Mountain Park, Oklahoma, Mrs. O. A. Strang writes to the Press:

"I am taking Fruitola and Traxo for gall-stones with good results. If it had not been that it came to my rescue, I would have been dead. I am sure. I cannot say too much for Fruitola and Traxo."

Fruitola possesses properties that act directly upon the intestinal parts. It is a great system cleanser, softening the congested waste and disintegrating the hardened particles that cause so much suffering, and quickly remove the accumulation to the intense relief of the patient. Traxo is a tonic stimulant that acts on the liver and kidneys, stimulates the flow of bile into the small intestine and dissolves and removes bile from the general circulation. It serves to build up and strengthen the weakened, run-down system.

For the convenience of the public, arrangements have been made to supply Fruitola and Traxo through leading druggists. In Los Angeles they can be obtained at the stores of The Owl Drug Co.

MOTORCYCLIST RAMS AUTO.

He is Thrown Many Feet; Skull
Possibly Fractured, and lies in Hos-
pital Unconscious.

Riding his motorcycle full into the
side of an automobile near the inter-
section of Sunset boulevard and Alva-
rado street early last night, E. D. Bed-
well, No. 518 Merwin avenue, wrecked
his machine and was dangerously in-
jured. He was treated at the Receiving
Hospital for a fracture of the skull.
According to R. H. Smith of No.
1611 Alessandro street, Mrs. Smith and
Mr. and Mrs. Vin Moore of Edendale,
who were in the automobile, the victim
of the accident did not seem to see the

machine. Mr. Smith, who was driving,
seized to the police that he was turn-
ing his automobile from Sunset boule-
vard into Alvarado street. Mr. Bedwell
on his motorcycle was riding west on
Sunset boulevard and did not turn out.
The motorcycle and its rider were
both thrown many feet by the force of
the collision, and Mr. Bedwell was
unconscious when picked up. Up to a
late hour last night he had not re-
covered consciousness.

LECTURE FOR SOCIAL WORKERS.

"Substitutes for Parental Care" and
"Other Expedients" are the two sub-
jects upon which George S. Sumner,
Ph.D., professor of sociology of Pe-

mons University, will lecture at 4
o'clock this afternoon in the chapel
on the grounds of the County Hospital.
It will be a part of the season's lecture
course for social workers given by the
Council of Social Agencies.

SKULL MAY BE FRACTURED.

Thrown to the pavement and pain-
fully injured when he was struck by
a street car at Eighth and San Pedro
streets early last night, a man be-
lieved to be J. W. Rice, was taken to
the Receiving Hospital for treatment.
According to Dr. Roome he is suffering
from a fracture of the skull.

Don't Forget!

An eminent physician
lays down these simple rules for better
health:

1.—Drink lots of water. 2.—Eat slowly. 3.—Chew your
food well. 4.—Have plenty of chewing gum on hand. Use
it shortly after meals and chew until the "full" feeling
disappears.

Be sure of the Perfect Gum in the Perfect Package—made
clean, kept clean, sealed against all impurities:
